

RANGE

Woodbury School of Architecture

Alumni Exhibition

October 20 - November 27, 2016

*Opening /
Thursday October 20, 2016
6:00–9:00 pm*

The Woodbury School of Architecture invites all alumni to submit work for this juried exhibition. Objects, drawings, models, mockups, or photographs of built work are eligible, and must have been completed after the date of graduation (this is not a show of student work). Alumni may submit more than one work for consideration, but must do so under separate entry with a corresponding entry fee. For example: the submission of a chair, a drawing, and a photograph of a built project would be considered three distinct entries, each with a separate fee. The juried selection of works for the exhibition will be made from the submission of jpeg files. We ask that you submit only one file per submission, and that the file be under 1 MB. If it is necessary to include multiple views or details of the work please format those requirements within the file itself. The jpeg file should be labeled *name_location_year_degree.jpg*.

Please include the following information with your jpeg submission in an email to architecture@woodbury.edu: name, year of graduation, degree, location (Los Angeles or San Diego), title, medium, dimensions, year, credits / team (if collaborative), location (if built).

There is a \$25 entry fee. All proceeds from this event, including the fee, will go directly toward the Norman R. Millar Endowment. The following link will lead you to the endowment page where a \$25 minimum donation will be counted as your entry fee. We encourage, and would greatly appreciate, any additional contributions that you would like to make to the endowment through this link:

<http://woodbury.edu/norman-millar-endowment/>

All entries must be received by September 23, 2016.
