CLIMATE JUSTICE

STUDENT COMPETITION

LASD 2030:

A vision of a sustainable and just future.

All School of Architecture students are invited to submit a 60- to 90-second video highlighting a project that addresses climate change, environmental justice and/or perspectives of underserved communities.

Woodbury School
of Architecture

School of Architecture Student Competition

Call for ideas. LASD 2030: A vision of a sustainable
and just future.

All School of Architecture students are invited to submit
a 60- to 90-second video highlighting a project that
addresses climate change, environmental justice and/or
perspectives of underserved communities.

2020-21 Climate Justice Scholarships

Woodbury School of Architecture has been awarded a \$10,000 grant from [HMC Architects](#) in support of our Year of Climate Justice initiative. The Climate Justice Scholarship is open to all current Woodbury School of Architecture students including graduate and undergraduate students at the Burbank and San Diego campuses, in Architecture, Interior Design, or Applied Computer Science-Media Arts programs.

Prizes (9)

First Prize \$3,000
Second Prize \$2,000
Third Prize \$1,000 x 2
People's Choice \$1,000
Honorable mentions \$500 x 4

Submission Format

Each 60- to 90-second video should include a short narrative of at least 100 words. The narratives can be fictional or non-fictional, and should not just be a simple explanation of the proposal, but should incorporate a vision for the future of Southern California residents. Proposals can include studio design projects, drawings, photographs, technical proposals, narratives or a combination of these

Criteria for Selection

Creativity of idea

How well it addresses climate change

How well it addresses social justice

Clarity of communication (visual, written and/or spoken)

Visual impact

Quality of presentation

Timeline

December: Call is sent out
February: Submittal deadline
March: Submittal jury
April: Announcement & Event
