

Hello!

As president of the student body government, known as the Associated Students of Woodbury University (ASWU), I am excited to welcome you to the Woodbury family, either virtually or in-person. You are about to begin one of the most exciting and transformative times of your life and I want you to know that you won't be doing it alone. Our closely-knit community is here to provide you with support and to help make your time at Woodbury a truly remarkable experience.

Woodbury is a welcoming and friendly environment, and our small size provides you with a unique opportunity to engage with your fellow students, faculty, and staff in ways that often aren't possible at other universities (even on-line if necessary). I encourage you to take full advantage of this—do more than simply attend class. Become an active participant in this extraordinary community. You'll soon discover that there are so many opportunities for you to find your voice and make a difference.

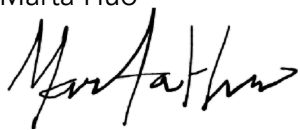

Throughout the school year you will have the opportunity to join student organizations, participate in many different events, including lectures and workshops. Personally, I look forward to a variety of social events, like "Atmosphere" in the fall and "Woodstock" in the spring. Student organizations host a variety of fun events, including pool parties, Broomball, Bowling Night, Roller Skate Night, and many more. If we are unable to host these events in-person, we will have alternatives virtually. So don't worry about missing out on a college experience!

Like all university students, you will undoubtedly face challenges while you are here. I encourage you to remember to take care of yourself first. That means knowing when to call it a night and getting some rest, or to simply walk away from your laptop to get a snack from Woody's, our cafeteria or your fridge. I also encourage utilizing the counseling services and the CARE team located in the Student Whitten Center or on-line. The Woodbury community is very supportive, so take advantage of it.

ASWU is here to help you with your transition to Woodbury. You will see us around campus or on-line, so please feel free to say hello or ask questions. Our mascot, Woody, will be present so feel free to snap a picture or a screenshot with him. If you want to check him out, visit our Instagram @aswucab.

I'm so excited for you to start this journey as a member of this remarkable community and I have no doubt that you'll love it as much as I do!

Marta Huo
