HELPING THE NEXT GENERATION OF CREATIVE PROFESSIONALS FLOURISH

WOODBURY UNIVERSITY IS A CATALYST that has helped students succeed for generations. Founded in 1884, Woodbury is a small, nonprofit, fully accredited institution located in the heart of Southern California's innovative economy that is committed to maintaining its legacy of developing thoughtful leaders who will thrive and make a difference in the world.

SOME OF OUR HIGHLIGHTS

- » Woodbury is one of the oldest universities in Southern California, having enrolled equal numbers of male and female students since its founding in 1884.
- » Our small class size means students receive a higher quality of engagement with award-winning faculty who have real-world experience.
- » Several of our majors are ranked among the top programs in the nation.
- » Our prime location is ideal for internships and networking.

A DIVERSE COMMUNITY OF LEARNING

WOODBURY IS A VIBRANT COMMUNITY located in one of the most diverse and exciting regions in the world. The student population of Woodbury closely reflects that diversity. Our students encompass a wide socioeconomic spectrum, and we have many first-generation immigrant students. Woodbury is also designated as an Hispanic-Serving Institution (HSI) by the U.S. Department of Education.

Additionally, in the 2021 and 2020 *U.S. News and World Report College Rankings*, Woodbury was second among Western Regional Universities in percentage of international students.

WOODBURY EMBRACES ITS INTERNATIONAL STUDENT POPULATION. International students who attend Woodbury become closely connected—not only to the campus community, but to the broader Southern California community and beyond.

In order to assist international students, the university offers a variety of specialized resources, including individual attention and advising, academic support, and student life support.

A photograph of three people walking towards the camera in a bright, modern building hallway. The hallway has large windows on the right side, letting in natural light. The floor is made of large, light-colored tiles. The three people are dressed in professional or semi-professional attire. The text 'LEARNING DOING SUCCEEDING' is overlaid on the image in a large, white, sans-serif font, with each word on a separate line. The text is set against a dark, semi-transparent background that spans across the middle of the image.

SCHOOL OF ARCHITECTURE

DESIGNING TOMORROW

The School of Architecture's STEM programs develop entrepreneurs, citizen architects, and cultural builders committed to professional practice, theoretical discourse, and social equity.

» **OUR FACULTY ARE ARCHITECTS, INTERIOR DESIGNERS,** artists, technologists, writers, and policy makers practicing in Los Angeles, San Diego, and beyond. This award-winning group works closely with students, teaching the skills required to push the limits of practice and explore possibilities in both theoretical and professional arenas.

The School of Architecture is among a handful of programs participating in the National Council of Architectural Registration Board's Integrated Path to Architectural Licensure (IPAL) initiative, offering a dynamic, innovative path to licensure for students who are dedicated to becoming architects.

OF REASON AND FOLLOW
MY GUT...WOODBURY
TAUGHT ME THAT AN
UNCONVENTIONAL PATH
WAS OKAY.” —CHRISTINE LARA '03 | BARCH ALUMNA

DEMAR MATTHEWS

MAJOR

Master of Architecture

YEAR

Class of 2020

ABOUT

Demar is a recent graduate investigating Black architectural aesthetics in America through his practice OffTOP Design.

→ [Read his story at woodbury.edu/Demar](https://woodbury.edu/Demar)

STUDENT VOICES

To go through the building process from funding, finding engineers/contractors, all the way up to the permit phase taught me so much. It taught me how architecture can be used as a tool.”

“I ALWAYS FELT, AND EXPERIENCED,
THAT MY PROFESSORS WERE WORKING
HARD TO HELP ME FIND OUT WHO I WAS.”

— Bachelor of Architecture Alumnus | MARK LAHMON '97

UNDERGRADUATE

» Applied Computer Science – Media Arts | BS

LEARN MORE AT WOODBURY.EDU/ACS

A unique STEM program that focuses on emerging digital practices by working with virtual environments, experiential design and human interaction. (Offered in Burbank only)

» Architecture | BArch

LEARN MORE AT WOODBURY.EDU/ARCHITECTURE

A STEM-designated, five-year course of study leading to a NAAB-accredited professional degree in architecture. (Offered in Burbank and San Diego)

» Interior Design | BFA

LEARN MORE AT WOODBURY.EDU/INTERIORDESIGN

A top-ranked BFA program in the art of creating a memorable experience of the space that surrounds us. (Offered in Burbank only)

» Construction Management | BS

PROJECTED TO LAUNCH FALL 2022

Presented in a unique studio-based format, students integrate design, technology, and business analytics with sustainability to advance as future-ready leaders. (Offered in Burbank only)

» Design Computation | BS

PROJECTED TO LAUNCH FALL 2022

The program prepares students for careers in design that leverage computational tools to produce design solutions related to objects, software, buildings, and experiences. (Offered in Burbank only)

» Sustainable Practices | BA

PROJECTED TO LAUNCH FALL 2022

The program develops leaders, environmental stewards, and advocates who understand the critical interactions between humans, nature, and the built environment. (Offered in Burbank only)

GRADUATE

» Master of Architecture | MArch

LEARN MORE AT WOODBURY.EDU/MARCH

This STEM-designated professional graduate program empowers students to address urgent issues through the design of the built environment.

(Offered in Burbank and San Diego)

» Master of Science in Architecture | MSArch

LEARN MORE AT WOODBURY.EDU/MSARCH

A one-year, STEM-designated graduate program that invites architects and non-architects to explore this expanded zone of interdisciplinary practice.

(Offered in Burbank and San Diego)

» Master of Interior Design | MID

LEARN MORE AT WOODBURY.EDU/MID

A graduate program that elevates and reinvents the discipline of interior design by re-imagining the range of our human experiences.

(Offered in Burbank; Offered as emphasis to MArch degree in San Diego)

» Master of Science in Architecture in Real Estate Development | MSArchRED

LEARN MORE AT WOODBURY.EDU/MSARCHRED

A graduate program designed to change the status-quo and help architects become real estate developers.

(Offered in San Diego only)

**Effective September 2021, the San Diego campus will begin consolidating with and into the Burbank campus. This consolidation will be completed by June 30, 2024.*

Animation, Fashion Design, Game Art & Design, and Graphic Design are all ranked among the top programs in the nation

LEARNING DOING SUCCEEDING

DOING

LEARN IN AN INTIMATE AND ENGAGING ENVIRONMENT

OUR STUDENT-TO-FACULTY RATIO IS 9:1 and our average class size is just 15, enabling students to engage and learn in ways that are not possible at larger institutions.

Woodbury's size also enables us to provide a more personalized approach to our educational and extracurricular offerings.

PREPARE FOR YOUR CAREER BY ENGAGING IN IT FROM THE START

EVERY PROGRAM AT WOODBURY REQUIRES AN INTERNSHIP. That means that students will begin applying what they learn while they are still in school, and gain valuable experience, and make connections before they graduate.

BECAUSE WOODBURY IS PRACTICE-BASED, students also gain valuable, real-world experience in their classrooms and studios. From helping a non-profit rebrand, to designing a fashion collection, to developing a business plan, our students are gaining the experience they need to be successful while they are here.

THE WOODBURY INTEGRATED STUDENT EXPERIENCE (WISE) provides high-impact learning opportunities through civic engagement, study away, internships, leadership, and research, while providing students with valuable scholarships.

→ **LEARN MORE AT [WOODBURY.EDU/WISE](https://www.woodbury.edu/wise)**

BEYOND THE CURRICULUM

We have regular yoga, improv comedy, swing, salsa, and hip-hop dancing classes. We have game nights, taco nights, coffee house nights, and museum scavenger hunts. We have a pool, a fitness center, basketball courts, and so much more!

As a small university, we are proud that our students consistently rank Woodbury's close-knit community among the top reasons why they love it here. They regularly highlight our sense of family, as well as the close collaboration that happens between students, faculty, staff, and administrators. For many of our students, this is a truly transformative experience, and one they could only have at a small university like ours.

Helping to foster this nurturing and collaborative environment are our highly active student government organization (Associated Students of Woodbury or "ASWU"), and the Campus Activities Board (CAB). These organizations work continuously to enhance the social and cultural environments on campus by providing a variety of programs that challenge students to develop both academically and personally.

CULTIVATE YOUR LEADERSHIP ABILITIES

Students at Woodbury have a chance to make a difference in a big way. They can join any one of our dozens of organizations—or start some of their own. They can also inspire their peers and gain valuable leadership experience along the way.

» UNAPOLOGETIC INTELLECT

The Woodbury Honors Program is an interdisciplinary, active-learning based, academic enrichment program available to high-achieving students. It enhances the educational experience in a way that coordinates with their major course of study.

» HOUSING AND DINING

On our Burbank campus, Woody's Café, with both indoor seating and an outdoor patio, offers fresh and contemporary food options for students, faculty and staff. There are also on-campus housing options that fit a variety of budgets and living preferences.

LEARNING DOING SUCCEEDING

SUCCESS

A HISTORY OF ACCOMPLISHMENT

Throughout our long history, Woodbury has produced alumni who have done extraordinary things during their careers and far beyond. Many of our graduates are entrepreneurs who have founded and built businesses or nonprofit organizations. Many are designers who create buildings or fashion. They produce films or games, or develop new algorithms and new ways of thinking. They publish poetry or tell stories—both visually and in writing.

» AN UNSURPASSED LOCATION

Our locations in Southern California, one of the most creative and innovative environments in the world, provide our students with a remarkable springboard for success. We also offer our students with the assistance that they need to help them get there.

» PROVIDING A HELPING HAND

Our Career Development Office provides programs, services, and resources designed to encourage and assist students in all aspects of career planning. The office also fosters partnerships with employers, alumni, faculty, and the community to create opportunities for students to build the foundation of a successful career.
