

Section Code Cheat Sheet

Definitions:

Modality: the way your course is being offered

In-Person: This type of class will meet 100% in person, face-to face, on campus.

Online, Synchronous: This type of class is 100% online, occurring in a specific virtual place, at a specific set time. Students will log in and attend class remotely during the scheduled times listed.

Online, Asynchronous: This type of class is 100% online. Students will not meet with instructor and classmates at a specific date and time each week. Students work independently to understand course content and finish assignments.

Hybrid: The class combines face-to-face with online learning in a flexible course structure which may include sessions in person in the classroom and online.
