

Mathematics Placement

The level and knowledge of math needed to successfully progress through and complete your degree helps determine if you need to take the placement exam. Find the column that lists your major and answer the question to see if you need to take the mathematics placement exam.

What is your major?							
Applied Computer Science, Media Arts Architecture Design Computation Computer Information Systems Environmental Sciences		Computer Science in Data Analytics		Accounting Animation and Visual Effects Construction Management Fashion Design Fashion Marketing Filmmaking Game Art & Design Graphic Design History Interdisciplinary Studies		Interior Design Management Management & MBA (3+1) Marketing Media Studies Political Science Professional Writing Psychology Public Safety Administration Sustainable Practices	
Have you successfully passed either: - college-level College Algebra with a "C" or better OR - an AP Math (Calculus or Statistics) exam with a 3 or higher?		Have you successfully passed either: - college-level College Algebra <u>and</u> Trigonometry courses with a "C" or better OR - college level Pre-Calculus with a "C" or better OR - an AP Calculus exam with a 3 or higher?		Have you successfully passed either: - college-level math courses with a "C" or better OR - an AP Math (Calculus or Statistics) exam with a 3 or higher?			
YES	NO	YES	NO	YES	NO		
You do not need to take the exam. Be sure to submit your transcripts and/or your AP Scores so the Office of the Registrar can formally evaluate them.	You must take the placement exam.	You do not need to take the exam. Be sure to submit your transcripts and/or your AP Scores so the Office of the Registrar can formally evaluate them.	You must take the placement exam.	You do not need to take the exam. Be sure to submit your transcripts and/or your AP Scores so the Office of the Registrar can formally evaluate them.	You do not need to take the exam. You will take MATH 100, Pre-Statistics. NOTE: You have the option of taking the exam in an attempt to test out of MATH 100, Pre-Statistics*.		

* If you wish to take the math placement exam in an attempt to test out of MATH 100, Pre-Statistics, it is highly recommended you do so before completing online orientation (before beginning classes). However, students may take the math placement exam after completing their first semester, if they have not taken a math course yet. Students who take a math course in their first semester are no longer eligible to take the math placement exam. Your Admissions Counselor can help clarify which scenario applies to you.
